

**DEVELOPED TO SUIT ALL FRESH WATER FISH**

**THE NATURAL FOOD SOURCE**

***Bring out the best in your fish!***

***Breeders Blend is a natural, colour-enhancing fish food that will bring out the best in your fish!***

An Australian-made product, Breeders Blend has been specially formulated to provide fish with the essential vitamins and minerals that are such an important part of their natural diet. Included in the mix is NatuRose, nature's richest source of astaxanthin, the ingredient that ensures fish display their finest natural colours. The benefits of NatuRose don't end there - it also includes all-important carotenoids (like lutein and beta-carotene), fatty acids, amino acids and proteins.

***The benefits of Breeders Blend:***

- ***More vibrant colours***
- ***No toxic oxidants or preservatives***
- ***Natural attractants***
- ***Essential vitamins and minerals***
- ***In flake or pellet form***

Unlike other fish foods that try to recreate nature with synthetic substitutes, Breeders Blend is an all-natural product that is designed to ensure your fish look their best!

Breeders Blend was developed by Australian breeders to enhance the quality of their fish.

The result is an all-purpose product - available in flake and pellet form - that can be used by anyone with a passion for fish.
